Nomad Guides - The Backbone of Nomad

ALL our guides who drive are road tested by our Workshop Manager. Their performance is scored and follow up training is provided to increase their drivingskills.

Salaries are incentivised by way of client feedback. All guides are tested on their knowledge by way of exams before every tour.

Our in-house training academy takes young people, including disadvantaged tourism students and turns out superior guides.

Nomad Trucks & Equipment - The Heart of Nomad

Nomad has, without a doubt, the newest and most modern fleet of Overland vehicles around. Trucks are renewed on a regular basis once age affects reliability. Our oldest truck is a 2007 model!

ALL Nomad vehicles now have SABS approved seatbelts!

ALL Nomad vehicles now have charging facilities for cameras, cellphones, notebooks and music devices. ALL our trucks have Ipod jacks too for music.

ALL our trucks have PA Systems to enable better communication between the guides and the clients.

In addition to this, every truck is equipped with a freezer unit, outside awning, cookers, bullbar, windscreen guards, sports equipment, reading material like books, magazines and novels in a variety of languages and genres as well as music.

ALL our trucks have 2 spare tyres!

Green Seats - Make a change!!

Once again, Nomad is leading the field by being the first company to offer **GreenSeats**.

Simply put, this enables clients to buy Green Seats that **offset the carbon emission cost of their tour** by supporting the planting of an endemic species of plant that can absorb large amounts of carbon output. (Spekboom)

A Short History Lesson

Nomad started over 15 years ago and have always strived to be the leading example in adventure holidays. We remain a development force in this sector of African tourism, while still retaining the magic that saw us grow to the successful position where we stand today.

Our company was forged the old fashioned way - from almost nothing! We have not forgotten the lessons we learned in those early days of development. Still wholly independent, we remain owner managed, ensuring passionate attention to quality tours every single day.

From the humble beginnings of one truck, two employees and one departure a month, we have grown to a fleet of nearly 40 vehicles, 130 staff and 40 scheduled departures a month all over Africa!

Giving back to Africa

Founded in 2008, The Nomad African Trust is a non-profit organization that aims to preserve and uplift the people, places and animals of this diverse and magnificent continent.

Nomad has been approaching all it's suppliers and partners in tourism to join us in furthering this cause.

From Agents and Clients to Operators and Suppliers, we appeal to you all to support this drive and help make a difference.

We currently have five beneficiaries with a sixth in the pipeline. In addition to this, with your support we are able to donate to additional causes in need of funding throughout the year.

Go to www.Nomadafricantrust.co.za to learn more about who we are and what we do.

Quality, Service Excellence & Value for Money!

No one invests more into their guides, trucks, equipment and infrastructure. Being a large operator means that we reap cost savings that enable us to offer services at a price that very few can match.

There is nothing secretive or hidden about our tour prices; what you see is what you get. When you compare our prices including any local payments, Nomad is always the best value for money.

We do not have food kitties as seen with other adventure tour operators.

Camping / Accommodated/ Language

Nomad offers two types of tours:

Camping and Accommodated, which can be further broken down into Southern and East African in regards to the standards you can expect on your tour.

In general though, what is important is whether you prefer a normal bed, or are happy with a covered foam mattress in your Nomad Tent. (These tents are checked pre and post tour and all alterations and repairs are done in our workshop).

The choice is ultimately yours.

All our scheduled tours are conducted in English, but on selected departures we offer a German or Spanish speaking crew member to act as a translator. For those wishing to have customized tours conducted fully in other languages - contact our Charters Department.
